

**TRIBAL COUNCIL MEETING MINUTES
OF THE CONFEDERATED SALISH AND KOOTENAI TRIBES
OF THE FLATHEAD INDIAN NATION, MONTANA**

Volume 18 Number 76
Council Chambers, Pablo, MT

Held: July 3, 2018
Approved: July 26, 2018

MEMBERS PRESENT: Ronald Trahan, Chairman; Leonard Gray, Vice-Chairman; Shelly Fyant, Secretary; Anita Matt, Treasurer; Dennis Clairmont; Carole Lankford; James Steele Jr.; Charmel Gillin; and Len TwoTeeth.

MEMBERS ABSENT: Arlee District (Vacant).

OTHERS PRESENT: Jennifer Trahan, Council Office Manager/Recording Secretary; and Tom Johnson, Council Support.

The meeting was called to **order** at 9:05 a.m. Quorum established.

The meeting was opened with a **prayer** by James Steele, Jr.

The **agenda** was presented for approval. No conflicts of interest were identified. Additions were made to the agenda.

MOTION by Shelly Fyant to approve the agenda, with changes. Seconded by Charmel Gillin. Carried, unanimous (9 present).

Art McNair, Tribal Member, requested approval to have his nontribal member family assist him with hunting since he is disabled. **Calvin Bourdon** advised that council action is required and if approved, then Mr. McNair must carry the permit with him at all times. **Council** will follow up with Tom McDonald.

Calvin Bourdon, Tribal Member, requested permission to receive some gravel from the Evaro gravel pit, due to flooding in the area of his residence. Calvin and his neighbor need gravel to repair the road they live on. The Lands Department staff told him that each tribal member is allowed 10 yards of gravel at no cost. If additional gravel is needed, then the tribal member is required to pay for it. Due to the road washing out, Calvin needs about 40 yards. It would be expensive for Calvin to hire someone to haul the gravel from Pablo to Evaro. There is a gravel pit in Evaro that is closed, and it would require council action to open it up so Calvin can get some gravel from that pit. **Carolee Wenderoth**, Tribal Lands Department, advised that she would need to research whether an environmental assessment would be required to open the gravel pit. She can

reach out to some resources to haul the gravel. **Carolee Wenderoth** will follow up on options to assist Calvin and report back.

Council discussed the form for disabled hunters. A physician statement is required for those types of requests. **Jennifer Trahan** will give the form to Art McNair to fill out.

Jordan Thompson, Tribal Legal Department; and **Janet Camel**, Economic Development Office; requested approval of the Comment Letter to Lake County regarding Draft 4 of the Lake County Growth Policy. The County Commissioners recently repealed the Density Map and Regulations. They are proposing that the Density Map be included in their revised growth policy as an advisory document. The Tribal Planning Director has been attending County Planning Board meetings and providing comments on the past drafts. CSKT has not had a chance to submit comments on this final draft until this week. The final was available for review late in the day on June 27, 2018.

MOTION by Shelly Fyant to approve the comment letter to Lake County regarding Draft 4 of the Lake County Growth Policy and to authorize Rob McDonald to distribute it to the appropriate media. Seconded by Anita Matt. Carried, unanimous (9 present).

Jordan Thompson, Tribal Legal Department; **Vern Clairmont**, Office of Financial Management; and **Jason Adams**, Salish Kootenai Housing Authority; requested direction on moving forward with the design of the Tribal Health and Wellness Facility using only Federal Highway monies, or a design using Federal Highway monies and monies from other sources such as third party funds and tax credits. They requested further guidance from the Council on how to proceed with the Ronan/Urban Highway 93 project after meeting with the Montana Department of Transportation and the Federal Highway Administration on May 29, 2018 and with Tribal Council on June 19, 2018. They applied for a grant to fund the development of a master plan for the site. The process can be started with McArthur Means & Wells (MMW) and then figure out the funding source for that at a later date. Council gave a consensus for the direction to take.

Arlene Templer, Corky Sias and **Carrie Antoine**, Department of Human Resources Development; and **Vern Clairmont**, Office of Financial Management; requested authorization to purchase capital equipment consisting of a F'Real Blending Machine at a cost of \$11,770 for Quicksilver. The vendor is working with Quicksilver to extend a \$1,500 discount on any machine once approved to move forward with the purchase. The vendor requires an initial payment of \$2,500 to purchase and a zero percent interest rate if paid within 12 months. Monthly payments would need to be paid for by credit card. Quicksilver would like to purchase the Blending Machine option, at the estimated cost of \$10,200. Property & Supply has a credit card that could be used to make the payments. **Chairman Trahan** would like to wait until further information is obtained on why the company only accepts payment by credit card.

This grant will enhance our community's efforts to address the needs of children/youth who have become crime victims due to the growing opioid and substance abuse crisis in our community. The grant will provide trauma-informed direct services to newborn-age 18 children/teens who have become crime victims due to substance abuse. It will also provide funds to continue the new CASA Program and continue the efforts to form a Drug Endangered Children Alliance as a multidisciplinary response to the needs of drug-endangered children. The funding would be used to hire two trauma informed social workers, and continue the Drug Endangered Children program and the CASA program for two years. The grant would provide funding of \$750,000 over a three-year period and would begin on October 1, 2018.

MOTION by Anita Matt to approve by resolution submission of an application to the Department of Justice Office for Victims of Crimes for the Enhancing Community Responses to the Opioid Crisis: Serving Our Youngest Crime Victims grant. RESOLUTION 18-149

RESOLUTION APPROVING THE SUBMISSION OF A GRANT APPLICATION TO THE DEPARTMENT OF JUSTICE (DOJ) OFFICE FOR VICTIMS OF CRIMES (OVC) FISCAL YEAR 2018 ENHANCING COMMUNITY RESPONSES TO THE OPIOID CRISIS: SERVING OUR YOUNGEST CRIME VICTIMS GRANT

NOW, THEREFORE BE IT FURTHER RESOLVED, that this project will be placed organizationally under and managed by The Department of Human Resource Development.

Arlene Templer, Tasha Birthmark, and Carrie Antoine, Department of Human Resources Development; **Robert McCarthy**, Prosecutors Office; and **Rhonda Swaney**, Legal Department; followed up on the discussion about the per capita holds for child support payments that was discussed at yesterday's chairman's meeting and discussed options. Arlene recommended taking the limitations off the Child Support Enforcement Program and take up to 100 percent of the per capita, which would match what the Code says. The Policies & Procedures authorize a hold of 50 percent of the per capita. This would affect 118 families. **Len TwoTeeth** asked the department to look at the grandparents that are raising kids and make sure the child support goes to the grandparents. **Carole Lankford** commented that it would require a policy change. The Code does not specify a percentage of the per capita payment to be withheld. The department should work with the fathers. **Council** has received complaints from fathers who are paying child support and the program has refused to work with them. Holding per capita payments is not the only form of support that fathers can provide to their children in accordance with the Code. Some fathers are not delinquent on child support payments, but their per capitass are still being withheld for child support. The Code has not been put out for public comment, and Carole would like the public to be given an opportunity to provide comments. The Code does not specify a percentage of per capitass to be withheld for delinquent child support payments; the Policies & Procedures specify holding up to 50 percent of the per capita. The program has been withholding 100 percent of the per capita payments for child support. **Charmel Gillin** would like the department to follow the Policies and Procedures that are currently in effect. **Leonard Gray** would like the fathers represented in the process. **Chairman Trahan** directed the department to provide an issue paper and all necessary

two responsive bids were received from Smith Paving & Contracting and Jeff D. Smith Construction. Shadow Asphalt submitted a nonresponsive bid after the deadline. The responsive bid amounts exceeded the engineer's estimate. Gabe recommended not awarding the project, due to the bid amounts that were received. The patching project would not be a good use of funds at this time, and the project could be bid out again next year along with another project.

MOTION by Len TwoTeeth to go with the recommendation of the department. Seconded by Anita Matt. Carried, unanimous (9 present).

Gabe Johnson, Natural Resources Department; and **John Carter**, Legal Department; discussed renewal of a CSKT-Lake County Roads Agreement pending legal review. It is an umbrella agreement that allows the Tribes to do projects on Lake County facilities if the projects benefit the tribal membership. It is an approved expenditure in the Code of Federal Regulations. Lake County is in agreement with renewing the agreement. The agreements are approved every five years. There are a number of projects in the Transportation Improvement Program Plan that are located on county roads. This agreement has significantly benefited Lake County. **No action taken.**
